1948 CANNON-AID  
Published by the Seniors  
of Gettysburg High School  
at Gettysburg, Pennsylvania

HERE in Gettysburg and vicinity are buildings and memorials that give recognition to the fact that four score and five years ago school children of Gettysburg and Adams County experienced war at first-hand.

They knew well some of the buildings that we are presenting in this book —they were also aware of the deeds of valor that prompted grateful sons and daughters to immortalize the deeds of their ancestors at sites where brave men fought and died to preserve this nation.

We, too, have experienced life in a war torn world. Many of us were called upon time and again to use our energies in supplying necessary materials for a nation that had sent many of its men and women into the armed services. Now all of us have been working toward a better foundation for peace and happiness.

To give expression to our thinking, we have seen fit to combine photographs with art. The photographs express gratitude for memorials to commemorate brave deeds. The art work typifies various phases of the life of a high school student.

*... It's G-burg High School,  
The Pride of Every Student Here*

JUST south of Cemetery Hill is a small farm house, which was destined both to fame and destruction in the great struggle. The house of Mrs. Lydia Leister before the battle, it became the nerve center of the activity of the Union Army commanded by General George G. Meade. Here on the night of July 2, the Council of Commanding Officers determined the high strategy and course of action which were to determine the fate of the Union. This action was so well exemplified by the immortal saying of Major General Henry Slocum, "Stay and Fight It Out!" Here, too, on the afternoon of July 3, in the relentless shelling of the artillery preceding Pickett's Charge, this small home became a shambles of battle.

LITTLE band of men, a sector of the famous Pickett's Charge, moves forward in one of the most tremendous military efforts of all time. Herein is expressed by the sculptor, Gutzon Borglum, in one of the most impressive pieces of sculpture on the Battlefield of Gettysburg, the emotions of the gallant group: an officer, fallen, yet pointing the way to others; a youth, facing his first battle, being counseled by a veteran; the color bearer, bearing forward with the flag, viewing the objective ahead. Here is expressed the ultimate feeling of bravery, resolution, and fear on the threshold of battle. Notably enough, troops such as these gained immortal fame for the farthest penetration into the Union lines—a gallant tribute to their leadership and inspired fighting qualities.

## CLASS ADVISERS

It is a pleasure to acknowledge the fine services rendered to the class of 1948 by Mrs. Bower and Mr. Schriver. Particularly during our last high school year when our activities were more numerous than ever, have they counseled and directed us with patience and wisdom. Our parting thought is "You have done a good job. We would do well to follow the example of unselfish service that you have set before us."

PENNSYLVANIA HALL, known affectionately on the Gettysburg College campus as "Old Dorm," is a living memorial to the thousands of young men who have passed through its halls. In July, 1863, this edifice of classic beauty, built for the purpose of providing class rooms and living quarters for both professors and students, was found serviceable for the purpose of war. To its spacious quarters were brought the wounded and dying from the battle grounds round-about. From its cupola officers of both armies at different times used its high elevation for observation during the progress of the battle.

During World War II, Old Dorm again was "serving its country," this time quartering the Air Corps cadets, who were receiving preliminary training at the college.

REQUENTLY in the stress of great events, the cloak of heavy responsibility in battle often falls from one leader to another in a moment's time. So it was with General Abner Doubleday who, as the fatal bullet struck down General Reynolds, was thrust into the major responsibility of withholding the Confederate onslaught. Resolution and courage, always requisite in the hour of battle, characterized Doubleday. As Stone's Pennsylvania Bucktails passed on the way to the front, he called out, "Men, today you are to fight in Pennsylvania. Do your best!"

Long before the war, in 1839, Mr. Doubleday, already a leader and organizer, planned the game of baseball which has become an outstanding national sport. His home at Cooperstown, New York, is the recognized home of baseball.

Leadership and training on the athletic field paid off in profitable dividends on the field of battle. The gallantry of those men that day has remained unsurpassed.

HARACTERISTIC of the scores of monuments erected in honor of the men who fell on this battleground and yet outstanding in its recognition of her sons who fought at Gettysburg, is the magnificent Pennsylvania Memorial. Bronze plates about the parapet bear the names of every Pennsylvania soldier who was engaged in this battle and in the niches above are the bronze figures of two great civil leaders, Lincoln and Curtin, and six Pennsylvania major generals—Meade, Gregg, Geary, Hancock, Reynolds and Pleasonton. Surmounting the monument dome is a bronze figure symbolizing "Victory."

Largest and most magnificent of the monuments on the field, the Pennsylvania Memorial stands as an inspiring edifice on the only major Civil War battlefield on Pennsylvania soil.

## THE GETTYSBURG HIGH SCHOOL CHORUS CHOIR

The Chorus Choir is a combination of the six chorus classes which meet weekly throughout the year. The chorus classes are composed of sophomores, juniors and seniors. Among the members of these classes sound habits of vocal technique are established for the purpose of acquiring the joy of creative choral expression. The finest choral music, sacred, secular, easy and difficult, is studied and prepared for public performance. The Chorus Choir appears at special programs throughout the school

year. It was featured in the annual Christmas program, presenting the choruses "And The Glory Of The Lord," "For Unto Us A Child Is Born," and "The Hallelujah Chorus," from "The Messiah" by George Frederick Handel. It sang for the Easter program and made its final appearance for the year at the annual music program during "Music Week." "Gloria In Excelsis" from "Twelfth Mass" by Mozart, and "Hallelujah, Amen" from "Judas Maccabaeus" by Handel were presented on the final program.

In trying to succeed Judy brings headaches to all the Foster family. Life reaches tragic proportions for Judy when she almost makes a new conquest, is mixed up in near-elopement—and, finally, in a last-minute mad rush, goes to the dance with Oogie, the “man” in her life, and believe it or not, she is crowned queen in place of Tootsie.

Mr. Manningham	William McKenney
Nancy, the maid	Patricia Sponsler
Elizabeth, housekeeper	Mary Kay Baughman
Rough, Inspector of Police	Tom Hemingway
Two Policemen	Jake Yingling, Donald Weaver

This dramatic hit tells the demoniacal story of the Manningshams of Angel Street. Under the guise of kindness handsome Mr. Manningham is torturing his wife into insanity. He accuses her of petty aberrations that he has arranged himself; and since her mother died of insanity, she is more than half convinced that she, too, is going out of her mind. While her diabolical husband is out of the house, a benign police inspector visits her and ultimately proves to her that her husband is a maniacal criminal suspected of a murder fifteen years ago in the same house, and that he is preparing to dispose of her. Then starts the game of trying to uncover the necessary evidence against Mr. Manningham. It is a thrilling and exciting melodramatic game.

OSS of life in battle may be regarded as only an incident in a great mass killing, yet in every life that is lost there is great personal tragedy. It is a tribute to the humanity of the officers and the fighting men at Gettysburg that only one civilian was killed during the three days' struggle; yet, this incident is evidence enough that even the life of an innocent may be snuffed out by the course of a stray bullet. Thus the dutiful, mercy-minded youth of eighteen years, Jennie Wade, engaged in the care of an ill sister in a home between the battle lines, whose life held a future of love and home, was ended as surely and as quickly as that of the soldier on the field. Her tragic end illustrates quite forcefully the heroic services that the Home Front is called upon to perform and which are done so unselfishly even at the cost of life itself.

The editors are grateful for the help given them in their historical research by Dr. Frederick Tilberg, of the National Military Park office, and Mr. Jacob M. Sheads, of the high school faculty.

The irresistible *power* of pictures is felt in class record books just as surely as in magazines and other publications. Pictures . . . interesting, life-like and well-reproduced . . . vitalize the yearbook and serve as visual reminders of student life —as it was lived! Faithfully reproducing these pictures through the process of photo-engraving is the job of the Basil Smith System—specialists in publication engraving. Pictorial power to the maximum is assured by our modern facilities, years of experience and well-earned reputation.
